

Report for JSPS – FAPESP Joint Research Workshop FY2017

Date November 20, 2017

1. Title of Workshop Brazil-Japan Joint Research Workshop in Adhesive Dentistry
 URL http://www.tmd.ac.jp/grad/ope/english/index.html

2. Purpose of Workshop

The purpose of this study was to organize the Brazil-Japan Joint Workshop on Adhesive Dentistry 2017 for activating the exchange of the Brazil-Japan young researchers through their oral/poster presentations, receptions and visiting University of Campinas, Piracicaba Dental School (in the city of Piracicaba) and University of São Paulo, Dental School (city of São Paulo).

3. Period

From October 31, 2017 through November 3, 2017 (3 days)

*Exclude November 2nd because of the Brazilian National Holiday (Dia de Finados)

4. Venue University of Campinas, Piracicaba Dental School, Piracicaba, SP, Brazil

5. Organization

(1) Cosponsors

Japan Side	Japan Society for the Promotion of Science (JSPS)
	Tokyo Medical and Dental University (TMDU)
Brazil Side	São Paulo Research Foundation (FAPESP)
	Piracicaba Dental School, University of Campinas

(2) Coordinator

1) Japan side

Name in full Junji TagamiAffiliation and Position Tokyo Medical and Dental University, Graduate School of Medical and Dental Sciences, Professor

2) Brazil side

Name in full Marcelo GianniniAffiliation and Position Piracicaba Dental School - University of Campinas, Associate Professor

6. Program: Agenda, Topics, Related Activities (e.g., Reception, Excursion)

*** Please append the agenda and the program to this report.

7. Mentors and Participants

1) Number of Participants

	Lecturers	Participants	Others *	Total
Japan side	3	10	0	13
Brazil side	3	16	258	277
Other persons	0	0	0	0
Total	6	26	258	290

*Please include the number of participants who were not supported by this program funding.

2) List

A: Mentors

Japan side

Name in full	Affiliation/ Institution	Position	Specialty
Toru Nikaido	Graduate School of Medical and Dental Sciences / Tokyo Medical and Dental University	Senior Lecturer	Operative Dentistry, Dentin bonding
Noriyuki Nagaoka	Graduate School of Medicine, Dentistry and Pharmaceutical Sciences, Okayama University	Assistant Professor	Dental Materials, Adhesion mechanism
Atsushi Mine	Osaka University Graduate School of Dentistry	Assistant Professor	Prosthodontics, Adhesion to composite and ceramic materials

Brazil side

Name in full	Affiliation/ Institution	Position	Specialty
Cinthia Pereira Tabchoury	Department of Physiological Sciences, Piracicaba Dental School, State University of Campinas. She is current coordinator of the Graduate Programs of FOP-UNICAMP.	Associate Professor	Cariology
Roberto Ruggiero Braga	Department of Dental Materials, School of Dentistry, University of São Paulo, São Paulo, SP, Brazil	Full Professor	Composite resins
André Figueiredo Reis	Department of Operative Dentistry, School of Dentistry, University of Guarulhos	Associate Professor	Dentin bonding agents and Adhesion

B: Participants

*** Please append the last version of participants list (Form 3) to this report form. ***

8. Please describe the achievements of the workshop.

Total 329 participants, including the researchers, graduate students and clinicians from the whole Brazil, participated the workshop. The coordinators and mentors from the Japanese and Brazilian sides presented their keynote lectures with the different subjects on Adhesive Dentistry, including the background and future prospect, collaborative research projects and advanced knowledge and technique in Operative Dentistry, Prosthetic Dentistry and Dental Materials. The Japanese and Brazilian young researchers presented their original papers in oral/poster sessions. The topics covered laboratory studies and also clinical studies on new materials and technique. They engaged deep discussion about their research topics and also shared the plenty time through the workshop receptions. The Japanese participants also visited both University of Campinas, Piracicaba and University of São Paulo, which were the wonderful experiences to understand the educational and research activities in Brazilian dental schools. Through the current workshop, it is strongly expected that Japanese and Brazilian young researchers will expand their international network and develop the research collaboration in the future.

平成29年度若手研究者ワークショップ 参加者リスト

平成29年10月17日

ワークショップ名: 接着歯学に関する日伯合同ワークショップ

1. 日本側参加者リスト

No	姓	名	所属機関・部局	職名	所属国名 ¹⁾	備考 ²⁾

15	Brandt	William	Dental School - Santo Amaro University	Young Researcher / Assistant Professor	Brazil	*
16	Boaro	Letícia	Dental School - Santo Amaro University	Young Researcher / Assistant Professor	Brazil	*
17	Amaral	Flávia	São Leopoldo Mandic Institute and Dental Research Center	Young Researcher / Assistant Professor	Brazil	*
18	Bueno-Silva	Bruno	Dental School - University of Guarulhos	Young Researcher / Assistant Professor	Brazil	*
19	Roscoe	Marina	Dental School - University of Guarulhos	Young Researcher / Assistant Professor	Brazil	*
20	Amaral	Marina	Dental School -University of Taubaté	Young Researcher / Assistant Professor	Brazil	*

¹⁾ Please write a country of affiliated institution.

²⁾ Please put "*" in this section when FAPESP/JSPS pays his/her expenses.

Part 1

Please let us know how you evaluate this workshop so that we can improve our workshops in the future.

Circle the letter from A to E that matches closest your opinion.

The letters stand for the following:

A = strongly agree

B = agree

C = neutral

D = disagree

E = completely disagree

	A	B	C	D	E
• Sufficient time was allocated for the lectures	31	13	0	0	0
• The lectures were useful in my research (interesting, stimulating and practical)	32	12	0	0	0
• The level of the lectures relative to my educational background and experience was optimal	37	7	0	0	0
Discussions					
• Sufficient time was allocated for the discussions	34	8	2	0	0
• The discussions were useful in my research (interesting, stimulating and practical)	31	9	4	0	0
Excursion (if applicable)					
• The excursion(s) was well organized	22	4	1	0	0
• The excursion(s) was educating and helpful for my research	19	6	2	0	0
Lecturers					
• Lecturers gave equal treatment to all the participants	39	5	0	0	0
• Lecturers respected the ideas, opinions and comments of the participants	38	5	1	0	0
Overall					
• I found my participation in the workshop to be meaningful	33	11	0	0	0
• I was able to create and expand working networks with other researchers by participating in the workshop	35	9	0	0	0

Part 2

Please write your comments.

• The most successful aspect of this workshop:

Showing information with separate researchers.

Very knowledgeable lectures; distinguished committee

Excellent organization

Limited attendees

Easier to interact

Warm opening ceremony

Financial support for the young researchers

The lectures were useful for my research

I could understand and learning about other studies.

I can create new network for research.

Expanding knowledge and working network.

The working network between two countries and the opportunity to see what these important researches are doing.

All lectures were very interesting and meaningful.

The mentor's lectures were all meaningful. They stimulated my spirit.

Organization × 5

Research lectures

The organization of the workshop

New resources and technology

Content of lectures

Great relationship with international researchers.

The good collaboration between Brazilian and Japanese researchers

• The least successful aspect of this workshop (if possible, suggestion for improvement):

Poster viewing time was insufficient.

Language barrier (non-native speakers)

Meeting important researcher, and learning about new methodology to evaluate dental materials.

The least successful aspect of this work shop was the organizations for poster presentations. It was too full of people and noising with little time and space.

The time and location for poster presentation.

More focus in research

• Other comments:

The workshop was very good and improve my knowledge about adhesion.

Coffee break great

People excellent

This work shop was great!

I thank you all for come here and divide with us your experience!
