

Toward Future Research on Biodiversity in Asian Region

Eun-Shik KIM

Professor, Department of Forest Resources

Kookmin University

Seoul 136-702, Korea

First ASIAHORCs Joint Symposium

Biodiversity
生物多样性
생물다양성

...
...

Points for Discussion

- ✓ **Developing programs for fostering young scientists**
- ✓ **Identifying challenges for improving the research environment**
- ✓ **Establishing a cooperative framework for building a research network.**

Diversity on Biodiversity

- ✓ **Species Diversity** in the region with so many different species belonging to different Kingdoms of organisms
- ✓ **Genetic Diversity** of all the species
- ✓ **Ecosystem Diversity** at local scale, expanding to national, regional, and to global scales.

Ecosystem Monitoring Issues

- ✓ **Construction of biodiversity monitoring and observation system**
- ✓ **Development of monitoring systems for early detection and warning**
- ✓ **Development and implementation of conservation strategies.**

Priority in Defining Challenges

- ✓ Identifying the mechanisms to support in finance, science, and public understanding
- ✓ Establishing a cooperative framework for networking
- ✓ Strategies in establishing
 - Vision, Missions, and Goals.

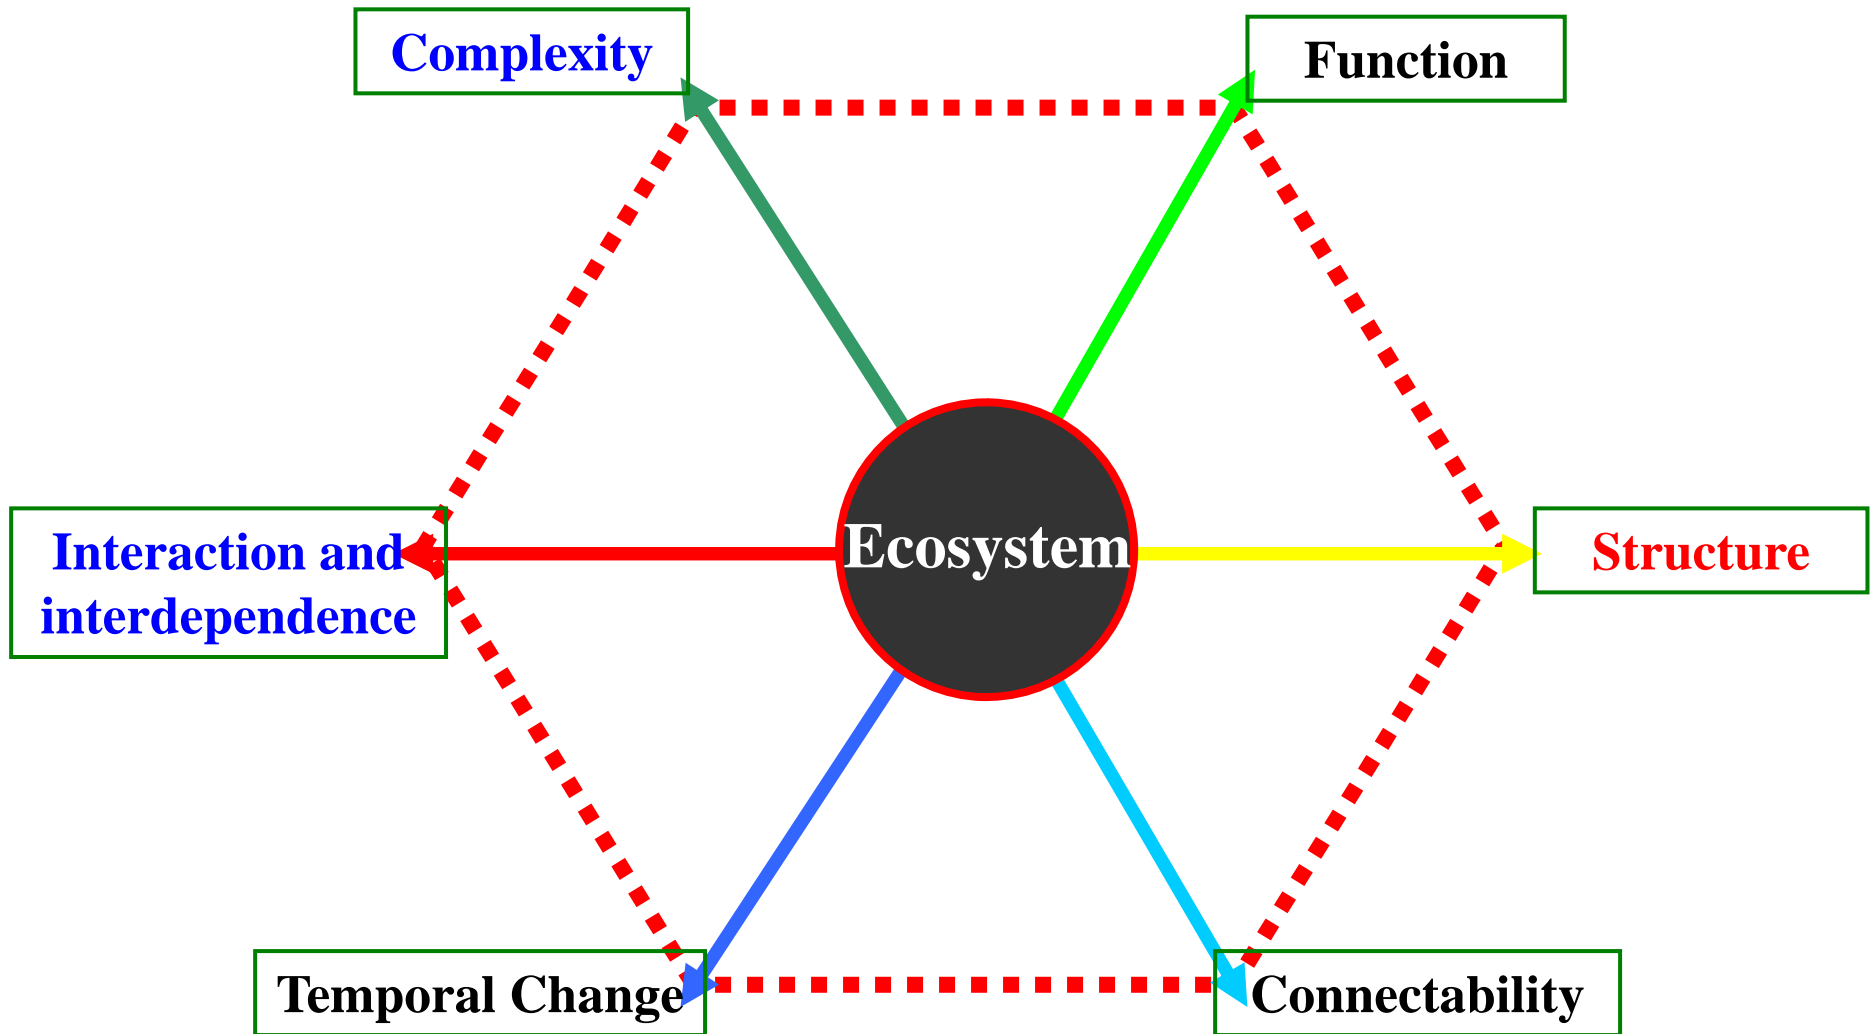

First ASIAHORCs Joint Symposium

July 18-20, 2009
Nagoya, Japan

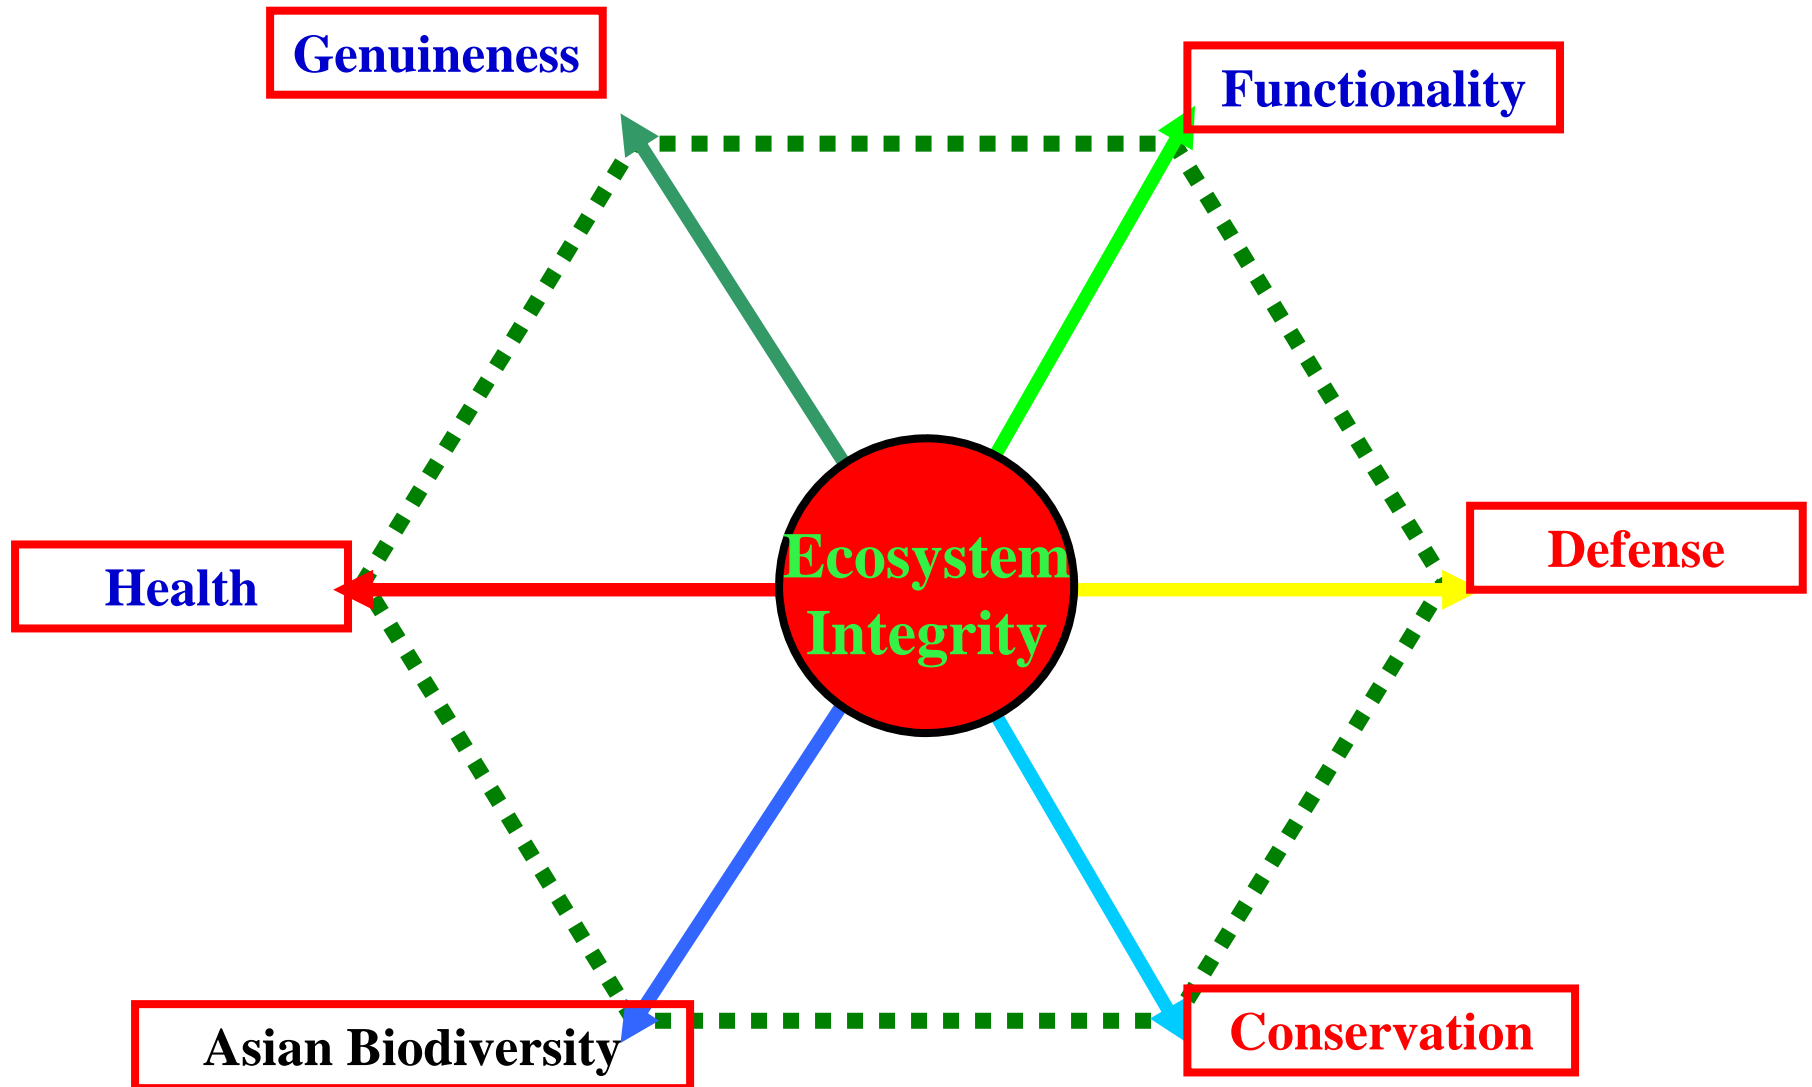

Ecosystem Attributes and Niche of Biodiversity

Attributes of Ecosystem Integrity

Biodiversity Program Suggested

Program ABCDEFGHI
Regional Biodiversity Network Activities

**Asian
Biodiversity
Conservation and
Defense Program through the
Establishment of Ecosystem
Function,
Genuineness,
Health, and
Integrity**

**A Potential and Suggested Research Program
sponsored by the ASIA-HORCs**

Program ABCDEFGHIJKLMNOP

Regional Biodiversity Network Activities

Asian Biodiversity Conservation and Defense Program through the Establishment of Ecosystem Functionality, Genuineness, Health, and Integrity **by**

**Joint and
Key
Leaderships of ASIA-HORCs in
Monitoring,
Networking, and
Operation**

**A Potential and Suggested Research Program
sponsored by the ASIA-HORCs**

Program ABCDEFGHIJKLMNOPQRSTUVWXYZ

Regional Biodiversity Network Activities

Asian Biodiversity Conservation and Defense program through the
Establishment of Ecosystem Functionality, Genuineness, Health, and Integrity by
Joint and Key Leaderships of ASIA-HORCs of
Monitoring, Networking, and Operation in

**Planning,
Quality-assurance,
Research,
Science, and
Technology on
Utilization of
Valuable
Wilderness
Resources of
*X genus,
y species* nominated by
Z scientists**

A Potential and Suggested Research Program
sponsored by the ASIA-HORCs

Program ABCDEFGHIJKLMNOPQRSTUVWXYZ
Regional Biodiversity Network Activities

**Asian Biodiversity Conservation and Defense program through the
Establishment of Ecosystem Functionality, Genuineness, Health, and
Integrity by
Joint and Key Leaderships of ASIA-HORCs in
Monitoring, Networking, and Operation for
Planning, Quality-assurance, Research, Science and Technology on
Utilization of Valuable Wilderness Resources of
X genus, y species nominated by *Z* scientists**

**A Potential and Suggested Research Program
sponsored by the ASIA-HORCs**

First ASIAHORCs Joint Symposium

Thank you!
謝謝!
감사합니다!
ありがとうございました!
