Regarding the following subjects, please attach a brief statement up to a total of about 1,000 words (excluding the list of publications).

- Present a brief biography including academic, administrative and research positions, awards or recognitions and identify main publications, if any.
- Provide a short introduction and summary of the nominee's contribution in medical research or medical services in the context of the purposes of this Prize with a list of supporting publications or papers.
- Outline how and why the research/activity of the nominee has contributed to the advancement or improvement of counter-measures against infectious and other diseases prevalent in Africa.
- Arrange for supporting letters from colleagues familiar with the nominee's work, if any.
