Notes:

- *1) Overall project funding: Combined amount of competitive funds obtained by participating researchers, resources provided by host institutions, and the WPI grant.
- *2) Numbers include an additional 125 million yen provided to IPMU (The University of Tokyo) and MANA(National Institute for Materials Science) based on the remarkable progress they made in FY2008.
- *3) The project implementation period was 6 months in FY2007. For Kyushu University, it is 4 months in FY2010 and for University of Tsukuba, Tokyo Institute of technology, and Nagoya University also 4 months in FY2012.
