

THE JSPS POST-DOCTORAL FELLOWSHIP
FOR FOREIGN RESEARCHERS
RESEARCH REPORT

1. Name: (**ID No.:** P)

Nationality:

Host Institution:

Host Researcher:

2. Title of Research in Japan:

3. Fellowship Period: From _____ To _____

4. Research background

5. Research methodology

6. Research implementation and results

Note: As much as possible, describe the contents and results of your research in a manner that is easily understandable to a non-specialist in your field. Provide a concrete description if (1) papers related to your work have been published in major academic journals, (2) particularly outstanding research results were achieved, or (3) patent applications have been made or other tangible outcomes achieved through the research.

7. International exchange achieved through the research

Note: Some examples of international exchange achievements are listed below. In such cases, please elaborate.

Examples:

By my coming to Japan to do joint research, more active research interchange was established with [name of institution] in [name of country].

After my fellowship ended, I was able to secure a full-time position at [name of institution].

Since returning home, I am playing a role as [what capacity] in carrying out research exchange with Japan.

During my tenure, I was able to contribute to expanding the international perspectives of young Japanese researchers.
