Blank cell: The researcher can apply for both research projects.

—: A researcher can only apply for one research project in one and the same research category (application section) (In case he or she has a continued research project mentioned in column A, he or she cannot apply for a research project mentioned in column B)

×: The researcher can only apply for one research project (in case he or she applied for a research project mentioned in column A, he or she cannot apply for a research project mentioned in column B).

▲: The researcher cannot apply for a research project mentioned in column B (He or she only implements the research of a continued research project mentioned in column A).

■: The researcher can apply for both research projects. However, in case both are adopted, he or she only implements the research of the research project in A.

□: The researcher can apply for both research projects. However, in case both are adopted, he or she only implements the research of the research project in B.

★: As a rule parallel grant application are not accepted. (This does not apply to cases where it is necessary to conduct two clearly different research projects within the same fiscal year.)

\*1 As for the Fostering Joint International Research (B), a call for proposals is scheduled in April 2019.

\*2 As for the Fostering Joint International Research (A) of which the provisional grant decision is scheduled in late January 2019, there will be no restrictions on the parallel grant application/receipt except for the research category of the Fostering Joint International Research (B).

1-2) Type “Principal Investigator (New Proposal/Continued) (Column A) → Principal Investigator (Column B)”

This table shows the restriction on parallel grant application/receipt in case of "a person who tries to apply as Principal Investigator for a research project mentioned in column A (research categories for which MEXT organizes a call for proposals), or a person who has already become Principal Investigator of a research project that is scheduled to be continued in FY2019 (continued research project) mentioned in column A" applies as Principal Investigator for mentioned in column B.
