

Formation of ...

- Core Center of Particle Technology
- Collaboration Researches
- Networks among Researchers of Next Generations

Contributions of Late Prof. K. Inoya

- The Society of Powder Technology, Japan (1957)
- The Association of Powder Process Industry and Engineering Japan (1971)
- Japan Association of Aerosol Science and Technology (1983)
- Nisshin Engineering Particle Technology International Seminar (NEPTIS) (1993)
- International Fine Particle Research Institute (IFPRI) (1980)

JSPS core-to-core program

UK Univ. of Leeds

Institute of Particle Science and Engineering

Prof. Simon Biggs

Established in 2000

AU Univ. of Melbourne

The Particulate Fluids Processing Centre

Prof. Geoff Stevnts

Established in 2000

USA Univ. of Florida

Particle Engineering Research Center

Prof. Brij Moudgil

Established in 1995
