### **Reason(s) Why Comments by an Overseas Researcher is not Appropriate**

In principle, JSPS will request overseas researchers to provide review comments on proposals submitted under the research category of Specially Promoted Research. However, if the PI determines that it is not appropriate to have his/her proposal reviewed by overseas researchers, for example, if there might be significant impacts in case the ideas get leaked, the PI may select "Not Appropriate" under the "Appropriateness of Comments by Overseas Researchers" column (one of the web entry items). In such a case, describe the reason in specific terms in 1 page. The appropriateness of the reason of the choice will be judged by the Scientific Research Grant Committee.
