

JSPS Postdoctoral Fellowship for Overseas Researcher

FY 2018 Okinawa

Name(Nationality)	Research Subject	Host Institute Host Researcher	Period	Region Prefecture
CHEN, Z. CHINA	Investigating bifunctionality of transcription factors using TALE modulation in <i>Drosophila melanogaster</i>	Okinawa Institute of Science and Technology Graduate University LUSCOMBE, Nicholas M. Professor Genomics and Regulatory Systems Unit	Sep 1, 2018~ Aug 31, 2020	Okinawa Okinawa
MIRYEGANEH NODEHI, M. IRAN	De novo genome assembly, methylome and transcriptome dynamics of mangrove in natural environment	Okinawa Institute of Science and Technology Graduate University SAZE, Hidetoshi Assistant Professor Plant Epigenetics Unit	Nov 20, 2018~ Nov 19, 2020	Okinawa Okinawa
POLISENO, A. ITALY	Interplay between speciation and adaptation: an 'omics' study on the effects of human impacts on zoantharians	University of the Ryukyus REIMER, James Davis Associate Professor Faculty of Science	Oct 22, 2018~ Oct 21, 2020	Okinawa Okinawa
TKACHENKO, G. UKRAINE	Near-field polarization analysis for ultrathin optical fibers	Okinawa Institute of Science and Technology Graduate University NIC CHORMAIC, Sile Professor Light-Matter Interactions Unit	Nov 30, 2018~ Nov 29, 2020	Okinawa Okinawa
