# I. BASIC STIPULATIONS

**These Guidelines have Japanese and English versions. If any differences in wording or interpretation should occur between the two versions, the Japanese one will take precedence.**

## 1. PROVISIONS

These Guidelines provide details on the terms, conditions and procedures of the JSPS Summer Program 2020, pursuant to the Award Letter issued by the President of Japan Society for the Promotion of Science (JSPS). The pre/postdoctoral fellows (“Fellows”), host researchers (“Hosts”) and administrative offices or staffs of the host institutions (“Institutions”) in Japan are requested to read carefully each item in these Guidelines. (Hereafter, Fellows, Hosts and Institutions are referred to collectively as “YOU.”)

Due to the spread of the novel coronavirus (COVID-19), this year’s Summer Program will be carried out differently from its format in past years. Depending upon how the situation evolves, the content of these Guidelines may change.

**The secretariat for the program is JSPS’s Overseas Fellowship Division and the Graduate University for Advanced Studies (SOKENDAI).**

Upon receipt of the Award Letter, Fellows are to submit Form A-1 (Notice of Agreement), stating that they will observe all the terms and conditions stipulated in these Guidelines, to their Hosts, who will then submit it with an accompany Form A-2 (Notice of Acceptance) to JSPS via the Institution.

The terms and conditions set forth herein are non-negotiable. Fellows and Hosts are expected to observe the regulations, procedures and deadlines stipulated in these Guidelines.

Institutions are to receive inquiries from and provide consultation to Fellows and Hosts so as to ensure that their research activities proceed smoothly and that they submit the required forms and execute the program procedures without omission.

If you should find anything unclear in these Guidelines, please **contact JSPS for instructions.**

**Note that allowances could be stopped and other services suspended** if you should fail to observe the terms and conditions in these Guidelines or to follow JSPS’s instructions.

## 2. ID NUMBER

JSPS assigns each Fellow an ID number, which is noted in the Award Letter. All documents sent to JSPS by you should **include the ID number.**

The ID number consists of the following prefixes and 20 + 3 digits. **“SP20xxx”**

### 3. TERM OF THE FELLOWSHIP AND PROGRAM SCHEDULE

The duration of the fellowship is as follows:

**◆ In principle, 64 days from any date from July 1, 2020 (Wednesday) to March 31, 2021 (Wednesday)◆**

Note the following points.

- ① In principle, the Starting date of the fellowship is the day that Fellows arrive in Japan and the Ending date of the fellowship is the day that Fellows depart from Japan
- ② Fellows must reside in Japan continuously over the duration of their fellowships. The duration of the fellowship may not be divided into multiple stays.
- ③ Fellows may shorten their fellowships down to 36 days. However, the allowance will be reduced by the number of days shortened.
- ④ **Please come to Japan after the government lifts its entry restrictions (border enforcement measures) put in place due to the novel coronavirus (COVID-19) (i.e. denial of permission to entry or quarantine measures).** When submitting the form of Plan of Fellowship Commencement (Form 1) and carrying out the following procedures, please confirm that the Starting date of the fellowship (date of arrival in Japan) will be after the entry restrictions are lifted.

### 4. OBLIGATIONS

Fellows, Hosts and Institutions should, based on an understanding of the purpose of the fellowship, observe the rules and instructions stipulated in these Guidelines over the duration of the fellowship.

#### (1) Obligations of Fellows

- ① During their tenure, Fellows shall not, either in or outside their Institutions, infringe in any way on the human rights of others, including racial or gender discrimination, harassment or other forms of abuse. All cases of potential human rights violations, whether related to the victimized or victimizer, shall be reported and action taken by the Institutions, JSPS and other related organizations to solve the problem.
- ② Fellows are not permitted to receive other fellowships or funding (e.g. salary or other compensation) during the tenure of their fellowships. If Fellows have accepted another fellowship, including another JSPS postdoctoral fellowship, they must choose one of them and decline the other.
- ③ **Fellows are not allowed to receive per diem** even when they are provided funds for domestic transportation and domestic accommodations during trips to execute their research plans.
- ④ During their tenure, Fellows must devote full time to their research at their Institutions, and not engage in any other work or research (\*).
- ⑤ Fellows must, as a rule, reside in Japan during the term of their fellowships, and leave Japan on the expiration date of their tenure. If Fellows wish to take a temporary leave of absence from Japan during their tenure, they must follow the rules set forth by JSPS.
- ⑥ Before their fellowship end, Fellows must submit **Form 5 (Research Report & Future Contact Information)**.
- ⑦ If Fellows publish research results obtained under the JSPS fellowship program in scientific journals or other literature, annotation of such should be provided.

- ⑧ Fellows must not engage in any kind of research misconduct.
- ⑨ Fellows are obligated to manage appropriately the funds provided them under the JSPS fellowship and research grants, taking strict care to avoid their improper use or expenditure.
- ⑩ Fellows agree to observe all of the provisions in these Guidelines.

(\* ) Types of activities not included in the above-noted “other work or research”

Only the following activities (a)-(d) are allowed to be carried out as a part of the Fellow’s research activities during his/her tenure. However, Fellows must not be hired or receive remuneration to conduct these activities.

Before conducting these activities, Fellows must obtain approval from their Hosts, ensuring that the activities will not hinder the performance of the fellowship’s research.

- (a) Activities such as research-related teaching to students at Institutions.
- (b) Participating in a research project closely related to the Fellow’s research title.
- (c) Taking part in outreach activities that are relevant to the Fellow’s research title (see Section 10. OUTREACH ACTIVITIES RELATED TO A FELLOW’S RESEARCH TOPICS).
- (d) Taking part in events organized by JSPS for Fellows.

## (2) Obligations of Hosts

- ① During Fellows’ tenure, neither Hosts nor Fellows shall, either in or outside their Institutions, infringe in any way on the human rights of others, including racial or gender discrimination or harassment or other forms of abuse. All cases of potential human rights violations, whether related to the victimized or victimizer, shall be reported and action taken by the Institutions, JSPS and other related organizations to solve the problems.
- ② Hosts shall, in cooperation with their Institutions, promptly provide the lab space, facilities and equipment that Fellows will need to begin their research activities. This includes providing Fellows with a title and/or identification card.
- ③ Hosts shall, in cooperation with their Institutions, provide Fellows with pre-arrival assistance including in visa application and other necessary processing, securing domicile, and consultation on daily life in Japan.
- ④ Hosts must not engage in any kind of research misconduct.
- ⑤ Hosts are obligated to manage appropriately the research grant and the funds provided under the JSPS fellowship, taking strict care to avoid their improper use or expenditure.
- ⑥ Hosts are to acquire an accurate grasp of the procedures related to Fellows’ tenure and allowances and to ensure that all the prescribed forms are submitted to JSPS via their Institutions. Such procedures include the start, end, withdrawal, extension and recommencement of fellowships and temporary leaves of absence from Japan.
- ⑦ Hosts agree to observe all of the provisions in these Guidelines and to ensure that Fellows also observe them.
- ⑧ Personnel in charge of Fellows’ travel expenses at Institutions and staffs at Host labs are to be informed that **Fellows are not allowed to receive per diem even when they are provided funds for domestic transportation and domestic accommodations during trips to execute their research plans.**

### **(3) Obligations of Institutions**

- ① Institutions are to take primary responsibility for Fellows' actions, so they must be proactive in preventing any discrimination, misconduct or misuse of funds by Fellows during their tenure. If any such problems should occur, Institutions will endeavor to resolve them.
- ② Mindful of Fellows' period of stay in Japan including proper entry and departure, Institutions are to ensure the proper execution of all necessary procedures.
- ③ Institutions are to support various living-related aspects of Fellow's and their families' stays in Japan, and provide the Fellow with a title appropriate for conducting their research activities at the Institution.
- ④ When accepting Fellows, Institutions are to carry out security trade control procedures based on the Foreign Exchange and Foreign Control Trade Law (Act No. 228 of December 1, 1949), as they pertain to related government regulations and institutional rules.
- ⑤ Institutions should provide Fellows with pre-arrival assistance including in visa application and other necessary processing, securing domicile, and consultation on daily life in Japan.
- ⑥ Institutions should ascertain how to contact Fellows in the case of an emergency such as a disaster.
- ⑦ Institutions should provide assistance needed for Fellows and Hosts to conduct their joint research comfortably, and, in the event of problems, try to resolve them from a neutral position.
- ⑧ Institutions shall inform both Fellows and Hosts of the rules that they and JSPS have established to prevent research misconduct and misuse of research funds and of the penalties for violations.
- ⑨ Institutions are to acquire an accurate grasp of the procedures related to Fellows' tenure and allowances. Such procedures include the start, end, withdrawal, extension and recommencement of the fellowship and temporary leaves of absence from Japan.
- ⑩ Personnel in charge of Fellows' travel expenses at Institutions and staffs at Host labs are to be informed that **Fellows are not allowed to receive per diem even when they are provided funds for domestic transportation and domestic accommodations during trips to execute their research plans.**

### **5. CHANGING RESEARCH PLAN**

Fellows are obligated to conduct research based on the research title and research plan contained in their fellowship applications. Accordingly, the research title and research plan may not be changed. However, there may be cases when changing the research plan is allowed due to changes that occur during the course of the research.

### **6. REVOCATION OF THE FELLOWSHIP AND STOPPING ALLOWANCES**

JSPS may take the following measure(s) if it judges any of the circumstances described below to pertain.

Accordingly, JSPS may:

- (1) Revoke or cancel the fellowship during the Fellow's tenure.
- (2) Stop paying allowances (including air tickets).
- (3) Require the full or partial return of money (including the research allowance) already paid.

The above measure(s) may be taken when JSPS judges the following to occur.

- ① The fellowship has been awarded on the basis of false statements in the application form.

- ② Completion of the Fellow's research activities stated in his/her application form is deemed impossible or clearly difficult to achieve within the duration of the fellowship.
- ③ Fellows violate Japanese laws or regulations or are prosecuted for violating them.
- ④ Hosts or Institutions judge it difficult for Fellows to continue their research.
- ⑤ Fellows submit a request for a leave of absence after the fact or submit a false report.
- ⑥ Fellows fail to fulfill a fellowship's eligibility requirements (such as acquiring Japanese citizenship or permanent residency).
- ⑦ Fellows receive financial provisions by deception or other fraudulent means.
- ⑧ Fellows waste and/or abuse research funds.
- ⑨ Fellows commit misconduct in their research activities.
- ⑩ Fellows do not in good faith observe the obligations stipulated in these Guidelines, fail to follow JSPS's instructions, or carry out any actions in a manner unbecoming the high stature expected of JSPS Fellows.

## **7. COMMUNICATION BETWEEN FELLOWS AND HOSTS**

It is the Hosts and host institutions who will be responsible for carrying out the administrative details of Fellows' visit. Fellows are advised to maintain close contact with their Hosts and Institutions. When applicable, the following matters should be thoroughly discussed.

### **(1) Securing Domicile**

JSPS does not arrange lodging for Fellows at their respective host institutions. It leaves these arrangements entirely to Hosts and Institutions. Please, therefore, check with your host researcher about your lodging well in advance of your arrival.

Please be reminded that apartment rental in Japan can be expensive, particularly in large cities such as Tokyo, Osaka, and Kyoto. As the allowance provided to Fellows under the program is to cover their subsistence and lodging costs over the entire 2-month period, Fellows are strongly advised to ask Hosts to arrange public domicile, e.g. at international students' lodges or dormitories of Institutions, for Fellows.

If Fellows make lodging arrangements by themselves, Fellows must notify Hosts of such as soon as possible.

### **(2) Form of Joint Research**

If it is anticipated that a disagreement may occur with regard to intellectual property rights on the outcomes (e.g., patents, software) of the joint research, Fellows, Hosts and Institutions should negotiate and establish a memorandum on their disposition in advance.

It should be confirmed by Hosts in advance that Fellows understand that the cooperative research is to be conducted under the guidance of Hosts. If this should not be the case, Fellows and Hosts should discuss and agree upon the form of collaboration in advance.

When filing a patent application, care should be taken to fully consult patent and other related domestic laws and ordinances as well as the rules and regulations governing the disposition of research outcomes at the Institutions.

### **(3) Fellow's Working Conditions**

**As JSPS does not employ Fellows, JSPS is not in a position to dictate their working conditions, such as the number of hours or days per week they work at Institutions.** Therefore, Hosts and

Institutions should establish Fellows' research hours and other working conditions in advance, and inform Fellows of how summer vacations or other periods of leave are administered. The working rules and practices of Institutions and/or research groups may be applied when establishing Fellow's working conditions.

If a difference of opinion should arise between Fellows and Hosts with regard to the implementation or other aspects of the joint research, a neutral body within Institutions should be asked to mediate.

#### **(4) Browsing content delivery sites instead of opening ceremony**

With regard to the opening ceremony and poster presentation parts of the originally planned Orientation, the Graduate University for Advanced Studies (SOKENDAI) will provide a site to transmit their contents to Fellows. Details will be provided in due course.

### **8. RELEASING INFORMATION ABOUT FELLOWS**

Fellows' and Hosts' names, fields of specialization, fellowship tenures, research themes, research abstracts, and research reports may be posted on JSPS's website.

### **9. ACKNOWLEDGING RESEARCH RESULTS**

When reporting research results achieved under the JSPS fellowship in scientific journals or other publications, indicate clearly that Fellows are "JSPS International Research Fellows."

- Example:
1. International Research Fellow of Japan Society for the Promotion of Science (Postdoctoral Fellowships for Research in Japan (Standard))
  2. JSPS International Research Fellow (Graduate School of Science, XX University)

Please inform JSPS if research activities conducted under this program or their related outcomes receive high appraisal. (This includes publications of coauthored papers in academic journals, coverage of research activities/results in newspapers or other media, and awards for research achievements.)

### **10. OUTREACH ACTIVITIES RELATED TO FELLOWS' RESEARCH TOPICS**

Fellows are invited to use their research outcomes to benefit society and give presentations to disseminate them to the public, as the JSPS Fellowship Program is funded by taxpayers. Accordingly, Fellows may take part in outreach activities related to their research topics by obtaining permission from their Hosts, as long as such activities do not hinder the carrying out of their fellowship research plans.

#### **Outreach activities**

Outreach activities go beyond the mere dissemination of information; they communicate research contents and outcomes to the public using easy-to-understand language; and they create a friendly two-way dialogue between practitioners and recipients of science and technology. "Outreach" means "reach out."

Examples of outreach activities:

Symposiums open to the public, children and/or teachers; Open Campus and Open Lab events; lectures given by guest speakers; classroom science experiments; "Science cafes"

Such outreach activities related to Fellow's research topic are funded by the Research Support Allowance.

## 11. MISCONDUCT IN RESEARCH

Misconduct in research dishonors science, undermines people's trust in science, and hinders the advancement of science. It must not be committed under any circumstance.

Ensuring research integrity is all-the-more imperative when it comes to securing the effective use of public funds at a time when governmental support for research is being increased as an investment in future despite severe financial conditions in Japan.

Therefore, YOU should not engage in any kind of research misconduct. Fellows and Hosts should take special care to observe the rules and regulations for research activities specified by Institutions and academic societies.

### **Misconduct in research activities**

“Misconduct committed in carrying out research activities and publishing research outcomes undermines research integrity, distorts the essence and meaning of research, and hinders the normal process of communication within the scientific community. Specifically, misconduct comprises the fabrication and falsification (manipulation) of data and/or results obtained from research activities and the appropriation of research results by others (plagiarism).”

## 12. IMPROPER USE OF RESEARCH FUNDS

You must not misuse research funds. The following are examples of the improper use of research funds.

### **(1) Impropriety through fictitious honoraria and wages**

- ① Requesting honoraria/wages not accordant with the actual situation, such as a claim for payment based on a fictitious timesheet

### **(2) Impropriety through the fictitious purchase of goods**

- ① Requesting payment of funds based on a fictitious transaction and giving the funds paid to a vendor to hold and manage
- ② Paying a vendor for a fictitious order of consumables to pool money

### **(3) Impropriety through fictitious travel expenses**

- ① Requests for travel funding in an amount more than actually expended
- ② Requests for funding for fictitious travel

In addition to the above, if a Fellow is participant in the misuse of another researcher's research funds, JSPS will judge him/her to also have committed the misuse. When using research funds, Fellows must check in advance the usage rules at their Institutions and be sure to use them properly.

### **13. HANDLING OF PERSONAL INFORMATION**

Personal information contained in documents related to this program shall be strictly controlled in accordance with the "Law to Protect Personal Information Held by Independent Administrative Institutions" and JSPS's own regulations for protecting personal information. JSPS will use such information exclusively for implementing its programs. (This may involve the provision of personal information to external companies commissioned to electronically process and manage program-related data.)

Fellows should note that their name, nationality, title and affiliated organization; research theme, fellowship tenure, host institution, host researcher's name and title; and research reports may be given public access. Fellows are also asked to participate in surveys aimed at improving JSPS programs.

## II. PROCEDURAL PROVISIONS

## 2. PRE-ARRIVAL PROCEDURES

After Fellows, Hosts and Institutions read these Guidelines carefully, please proceed with the following procedures.

### (1) Submission of Form A-1 (Notice of Agreement) and Form A-2 (Notice of Acceptance)

[Fellows, Hosts, Institutions]

Upon deciding to accept the fellowship, Fellows are to send either the original or a PDF copy of Form A-1 (Notice of Agreement) to their Hosts, who will forward it along with either the original or a PDF copy of Form A-2 (Notice of Acceptance) to JSPS via their Institutions by June 12(Friday).

**Otherwise, your fellowship will not be able to start.**

Please enter the schedule you could arrange at the time of submission in the “Fellowship Tenure” part of your Notice of Acceptance (Form A-2). While it would be desirable that you could proceed in accordance with that schedule, the actual period of your fellowship tenure will be confirmed via the submission of your Plan of Fellowship Commencement (Form 1 – also described in the following (2)).

**If you do not think you will be able to start your fellowship within the period from July 1, 2020 to March 31, 2021, please submit either the original or a PDF copy of Refusal to Accept Fellowship (Form 10) by 12 June (Friday).**

If it will be difficult to submit the Notice of Agreement (Form A-1) and Notice of Acceptance (Form A-2), or Refusal to Accept Fellowship (Form 10) by 12 June (Friday), please contact JSPS.

After confirming that the date to start your fellowship (date of arrival in Japan) is **after the entry restrictions (denial of permission to entry or quarantine measures) are lifted**, please carry out the following procedures.

### (2) Submission of Form 1 (Plan of Fellowship Commencement) [Fellows, Hosts, Institutions]

Please submit the original or a PDF copy of your Plan of Fellowship Commencement (Form 1) to JSPS via your host institution **40 or more days before your scheduled fellowship starting date**. If your airport of arrival in Japan or your flight has not yet been decided, you do not have to enter them in the form.

If after your starting date has been set via your submittal of Form 1, you should want to change the date, please inform JSPS right away.

**Otherwise, you cannot proceed to issue your air ticket.**

### (3) Application for Air Tickets [Fellows]

Fellows are to follow the instruction “Registration for JSPS Summer Program air ticket and individual data” issued by JSPS’s designated travel agency, and apply to the agent’s office for an air ticket **40 or more days before your scheduled fellowship starting date**. After receiving Fellows’ request, the travel agency will contact them when the ticket is ready.

**Note that JSPS’s regulations prevent us from reimbursing Fellows for tickets that they purchase themselves.**

**Please read Chapter III “3. AIRFARE” and IV “3. CONTINUOUS STAY IN JAPAN BEFORE AND/OR AFTER THE FELLOWSHIP TENURE.”**

#### **(4) Submission of Form 2 (Notice of Bank Account) [Hosts, Institutions]**

A maintenance allowance will be paid immediately upon the commencement of the fellowship by remittance to a bank account which Hosts designates. The allowance can be deposited directly into Fellows' own bank account only when they have a bank account in Japan. JSPS does NOT deposit the allowance into overseas bank accounts.

Hosts are required to submit **Form 2 (Notice of Bank Account)** by 40 or more days before your scheduled fellowship starting date. If the Host has a foreign name, s/he should attach a copy of the first page of his/her bankbook (reverse side of front cover) containing the account number so as to avoid the possibility of the money not being deposited into the account due to an incorrect name. Hosts may designate the bank account of a third party (e.g. another researcher in the lab, a secretary or other person who will be diligent in passing the maintenance allowance to the Fellow). In this case, indicate so on Form 2 and inform JSPS of such. (You will also need to submit a Letter of Proxy.)

If Form 1 (Plan of Fellowship Commencement) and Form 2 (Notice of Bank Account) are not submitted on time, the payment of your allowance may be delayed. Please take care to submit them by the deadlines.

#### **(5) Resident Status [Fellows, Hosts, Institutions]**

All Fellows must possess a valid passport issued by their country of nationality and a proper visa as necessary. The visa shows that Fellows have permission to enter and stay in Japan. Fellows must go to a Japanese Embassy or Consulate to obtain a visa before leaving for Japan.

Fellows should receive "landing permission" at the immigration window of their port of entry into Japan when they show their proper visa.

If Fellows submit a Certificate of Eligibility when applying for their visa, the Japanese Embassy or Consulate will be able to process the visa faster than when applying without one.

Before departing for Japan, Fellows are to consult with their Host and Host Institution as to whether or not they will need to obtain a visa. (Some Japanese research institutions require all foreign researchers to acquire a visa.) If you are asked to have a visa, please apply by yourself and obtain a visa that coincides with your purpose and length of stay in Japan. Fellows are recommended to obtain a "Professor" or "Researcher" visa status. To find which of these statuses is applicable to you, please check the Immigration Bureau's website.

Hosts and Institutions are asked to apply for the Fellows' Certificate of Eligibility and to assist them in applying for and obtaining a proper visa. (Please refer to Appendix A at the end of these Guidelines.) Please note that JSPS does not answer inquiries or help to process visa applications for Fellows and their family members.

#### Regarding "Countries and Regions for Visa Exemptions"

Regarding the need to obtain a visa by Fellows from Countries and Regions for Visa Exemptions as specified by the Ministry of Foreign Affairs, the Immigration Services Agency informs us that there is no set policy as visa handling is done on an individual basis since foreign researchers reside in differing places and ways while in Japan. What we can say is that in the past many researchers from visa-exempted countries have entered Japan without a visa.

### 3. POST-ARRIVAL PROCEDURES

#### (1) Submission of Form 3 (Notice of Fellowship Commencement) [Fellows, Hosts, Institution]

Fellows and Hosts are required to submit the original of Form 3 (Notice of Fellowship Commencement) along with a clean copy of the Fellow's passport that clearly shows his/her name (etc.) in the entry fields and landing permission stating the date of entry. The form must be submitted within **one week after your fellowship starting date.**

#### (2) Submission of Form 4 (RECEIPT) [Fellows, Hosts]

Fellows will receive their maintenance allowances from their Hosts along with the Form 4 (RECEIPT). After checking the amount of money deposited against **Form 4 (RECEIPT)**, sign the RECEIPT and send the original to JSPS **within one week after your fellowship starting date.** a copy of which is retained by the Host.

\*The format of the RECEIPT (Form 4) for Fellows nominated by the Canadian Embassy / Mitacs is different from that for Fellows nominated by other nominating authorities.

### 4. PRE-DEPARTURE PROCEDURES

#### (1) Submission of Form 5 (Research Report & Future Contact Information) [Fellows]

Fellows must submit **Form 5 (Research Report & Future Contact Information)** on the research work they carried out during the program by email address **by before their fellowship ending date.** The email address for this submittal will be provided separately.

\* The names of Fellows and Hosts as well as their research themes and reports are subject to public disclosure.

#### (2) Submission of Form 6 (Notice of Fellowship Completion) [Fellows, Hosts]

Fellows and Hosts must submit the original of Form 6 (Notice of Fellowship Completion) to JSPS via your host institutions **as soon as possible after their fellowship ended.**

#### (3) Submission of Feedback on Fellowship Program [Fellows, Hosts]

Fellows and their Hosts are asked to fill out an online questionnaire, which will be used to gauge the performance of services provided and to improve the JSPS fellowship program **as soon as possible after their fellowship ended.**

The questionnaire is divided into two parts, one for Fellows and the other for Hosts to fill out. Please choose the appropriate webpage and answer the questions.

### III. FINANCIAL PROVISIONS

JSPS's financial provisions described below are not subject to negotiation. **JSPS does not provide any support for dependents.**

If the forms designed in these Guidelines are not submitted by the deadlines or in accordance with the stipulated procedures, the Fellow's allowance payments may be delayed or cancelled.

#### 1. NATURE OF FINANCIAL SUPPORT

JSPS provides Fellows with maintenance and other allowances to cover the cost of their stay and travel for the purpose of carrying out research activities in Japan. (These allowances are not compensation for the researcher's activities (work).)

The National Tax Agency recognizes this tax-exempt status as follows:

As the maintenance and other allowances provided by JSPS to researchers are not employment-based wages, they are not subject to withholding tax. In addition, as these allowances take the form of travel expenses required to support the researchers' stays in Japan and are limited to covering actual expenses, they are exempted from taxation.

#### 2. MAINTENANCE ALLOWANCE (64 days: ¥534,000 \*)

JSPS provides maintenance allowances to cover living expenses and domicile costs related to Fellows' stay in Japan for the purpose of carrying out research activities in collaboration with their Hosts. The allowance paid for a 64-day tenure is ¥534,000. If your tenure is less than 64 days, the allowance to be paid is calculated ¥8,343 per day according to the tenure.

The maintenance allowance will be paid by remittance after JSPS receives Form 2 (Notice of bank Account). For detailed information, check the email from JSPS to Hosts prior to making the remittance.

\* For Fellows nominated by the Canadian Embassy /Mitacs, Mitacs covers part of the stated amount of its Fellows' maintenance allowance (3,000 CAD).

#### 3. AIRFARE (AIR TICKET)

To cover their travel to and from Japan, Fellows are provided air tickets. To arrange the ticket, please refer to the enclosed instructions, "Registration for JSPS Summer Program air ticket and individual data".

**If Fellows should wish to change or cancel their travel itinerary after receiving their air ticket, they must do so through JSPS's designated travel agency. Fellows must pay any extra charge incurred by changing or canceling their flights.**

If for their own reasons Fellows do not use the ticket provided by the agent, they may be required to pay for that portion of their travel costs.

If Fellows arrive in Japan before the day that their tenure starts or depart Japan after the day that their tenure ends, JSPS may not pay for their round-trip ticket, so Fellows should refer to IV "3.

CONTINUOUS STAY IN JAPAN BEFORE AND/OR AFTER THE FELLOWSHIP TENURE."

#### **4. OVERSEAS TRAVEL INSURANCE**

JSPS provides Fellows with pre-paid overseas travel insurance, which covers medical costs for injury or sickness during the tenure.

For details concerning the policy and the procedures, refer to the enclosed insurance description “A Guide to the Insurance Policy for JSPS Fellows” provided by the designated insurance company or contact the insurance agent noted in the Guide or the insurance company directly.

This insurance will become invalid if Fellows remain in Japan after the end of their tenure.

#### **5. REIMBURSEMENT**

If JSPS judges that it has overpaid Fellows’ allowances due to a shortening of their tenure or other reason, Fellows will be required to reimburse the overpaid amount. A “Request for Reimbursement” will be sent to Hosts via email.

**When making a reimbursement, do so as soon as possible. Hosts and Institutions are responsible to see that Fellows make their reimbursements before leaving Japan.**

**So as to prevent the need to make reimbursements, Hosts and Institutions should maintain daily contact with Fellows.**

When making a reimbursement, Fellows must pay all of the transfer fees (both domestic and international handling charges). If Fellows wait to make the reimbursement until returning home, these fees will be larger (more than ¥2,500). Therefore, remittance should be made before leaving Japan.

## IV. CHANGES DURING FELLOWSHIP TENURE

The purpose of the JSPS fellowship is to support young researchers from other countries while they conduct research under the guidance of Hosts during an uninterrupted stay at Institutions in Japan.

However, if Fellows should shorten their fellowship tenure or take a temporary leave of absence for an unavoidable reason, they must inform their Hosts and JSPS in advance.

When Fellows leave Japan, they must reimburse a portion of their maintenance allowance equivalent to the absence. The procedure of reimbursement is undertaken by Hosts. (Refer to Chapter III “5. REIMBURSEMENT.”)

### 1. SHORTENING THE FELLOWSHIP TENURE [Fellows, Hosts, Institutions]

If Fellows must shorten their fellowship tenure for an unavoidable reason after they arrive in Japan, they must inform their Hosts and JSPS in advance and submit the original or a PDF copy of Form 8 (Notice of Schedule Change) through Institutions.

### 2. TEMPORARY ABSENCE FROM JAPAN [Fellows, Hosts, Institutions]

Fellows may be permitted to take a temporary leave of absence under the following conditions.

- (a) When it is necessary for them to be temporarily out of Japan for such purposes as conducting surveys used in their research, presenting research results at an international conference, or performing other activities necessary to achieving the objectives of their research plan. (Such necessity must have been stated in the research plan of the initial fellowship application.)
- (b) For other reasons deemed necessary.

The maximum number of cumulative leave days allowed for Fellows is 7 days. In calculating the number of leave days, note that the days of departure and arrival in Japan are also included.

(Example: 1 August (leave Japan)–7 August (arrive in Japan): 7 days)

After the date of temporary absence from Japan is fixed, Hosts must fill out Form 8 (Notice of Schedule Change) and submit the original or a PDF copy of it to JSPS via their Institutions.

Note carefully that if a request for leave of absence is not submitted, postdated or otherwise falsified, the fellowship may be cancelled and/or other stern measures taken against Fellows.

### 3. CONTINUOUS STAY IN JAPAN BEFORE AND/OR AFTER THE FELLOWSHIP TENURE

To receive a round-trip ticket, Fellows are obligated to arrive on the first day of their tenure and leave Japan on the last day of their tenure. Around-trip air ticket can be provided if you and your Host agree to extend your stay in Japan before/after your fellowship (up to 90 days including of your fellowship tenure) for the purpose of compiling your research results. On the other hand, if the length of your stay in Japan exceeds 90 days including your tenure, JSPS will not pay the cost of either your inbound or return ticket.

To extend Fellows' stay in Japan before and/or after their fellowship, their Hosts must submit Form 8 to JSPS via their Institutions in advance. Form 8 must be submitted before the end of the fellowship tenure.

JSPS will take no responsibility for you nor will it pay you any allowances during the extended period other than the air tickets (round trip or one way, depending on the length of stay in Japan), so please stay at your own risk. Additional expenses incurred by changing tickets, etc. will be borne by the Fellows. Please note that the research support allowance cannot be used for expenses incurred before and/or after the fellowship tenure.

#### **4. CHANGING HOSTS OR INSTITUTIONS [Fellows, Hosts, Institutions]**

##### **(1) Purpose of Changing Hosts or Institutions**

Fellows are awarded fellowships based upon the joint research plan with their Hosts, the prospects of achieving the plan's objectives, and an inspection of the Institutions' setup for receiving Fellows. As changing Hosts or Institutions are deemed to alter the basis for approving the joint research, such requests are not granted as a rule. If JSPS deems it impossible or extremely difficult to achieve the objectives of the initial research plan stated in the fellowship application form, the fellowship will be canceled.

This policy notwithstanding, there are times when JSPS may judge a change of Hosts and/or Institutions not to impede the progress of the joint research stipulated in the initial research plan and grant permission for Fellows to make the change.

Such permission may be given for the following reasons:

- (a) When Hosts become sick, die or are otherwise unable to continue the joint research.**
- (b) When Hosts transfer to another institution and Fellows transfer to the same institution.**
- (c) When continuing the fellowship under Hosts and/or Institutions would render it impossible or extremely difficult to achieve the objectives of the initial research plan and changing one or both of them would make it possible to achieve those objectives.**

##### **(2) Procedure for Changing Hosts**

###### **① Procedures that current Hosts should carry out before changing Hosts**

When Hosts consider it necessary for Fellows to change Hosts, they should first contact JSPS via their Institution, and then send Form 9-1 (Request for Change of Host Researcher/Host Institution) to JSPS via the head of the Institution. In the case of a change in the Host's Institution, this form should be submitted to JSPS via the head of the new Host's Institution. When requesting a change of Hosts a letter should be attached explaining the followings.

- (a) Why changing Hosts will not impede the execution of the research plan.**
- (b) New Hosts' familiarity with the subject research and suitability to carry it out.**
- (c) A profile of new Hosts and a list of their research results.**
- (d) A statement from new Hosts stating that they are willing to accept the Fellows.**

###### **② Procedures that new Hosts should implement**

New Hosts are to submit Form A-2 (Notice of Acceptance) to JSPS via their Institutions before changing Hosts.

##### **(3) Changing Institutions**

When Hosts transfer to other Institutions, they should contact JSPS and submit Form 9 to JSPS via the head of the new Institution.

## V. RESEARCH SUPPORT ALLOWANCE

This allowance is to be used by Fellows and Hosts to carry out their joint research during the period of the Fellows' tenure. Application for the allowance is made by Hosts. Adequate consultation should be carried out between Fellows and Hosts as to the use of the allowance for conducting research or surveys. The allowance is to be used to cover costs directly related to the implementation of the joint research/surveys and compiling/reporting the results.

**\*Fellows under the JSPS Summer Program are not eligible for a Grant-in-Aid.**

### 1. APPLYING FOR RESEARCH SUPPORT ALLOWANCE

**Form 11 (Application for Research Support Allowance)** needs to be submitted by Hosts to JSPS to apply for this allowance. Form 11 must be submitted **by 40 or more days before your scheduled fellowship starting date** after the Notice of Acceptance has been submitted by Institutions to JSPS. Hosts should contact JSPS in advance when this deadline cannot be met. JSPS does not accept Form 11 after the start of the Fellows' tenure.

This allowance may be applied for in an amount of ¥158,500.

**As a bank transfer notice is not issued, Hosts should verify whether the money has been remitted into the bank account specified in Form 11.**

### 2. MANAGING THE RESEARCH SUPPORT ALLOWANCE

Hosts are to entrust the management of this research support allowance to their Institutions, which manages it as a "deposit" using appropriate accounting rules and entries.

As a rule, the research support allowance is to be deposited into the account of the Host Institution.

**Note that it cannot be transferred to the same account used for Grants-in-Aid for Scientific Research.**

Check the "Rules of the Research Support Allowance Usage" in the next page and Rules and Institutions' regulations; then, manage and execute this allowance accordingly.

**Within one month after their fellowship end,** Hosts must submit **Form 7 (Research Support Allowance Expenditure Report)**.

In addition, if there is unused allowance at the end of the Fellows' tenure, it must be returned JSPS. Regarding the procedure for returning of the allowance, JSPS will contact the department in charge of this program at the Institutions after receiving the Form 7 (Research Support Allowance Expenditure Report).

Procedures for Certificate of Eligibility and Visa
--

**\* Make sure to go through Chapter II-2-(4) “Resident Status” before reading the following instructions.**

**\* As both of these documents may take time to be issued, be sure to apply as early as possible.**

**\* For the required forms, details and updated information, inquire at your nearest Japanese Embassy or Consulate.**

**\*Note that JSPS is not in a position to answer inquiries or make an arrangement regarding visa applications for Fellows and family members.**

## 1. Obtaining a Certificate of Eligibility

This certificate is issued to show that the bearer satisfies the conditions of entry into Japan prescribed by Japanese Immigration Law. Having a Certificate of Eligibility when applying for a visa speeds up its processing. This is because it certifies that the applicant has already been screened and satisfies the government’s requirements for obtaining his/her visa status and for landing in Japan. However, just having a Certificate of Eligibility does not guarantee that the applicant will be issued a visa.

**Hosts should first ascertain whether or not Fellows need to obtain a Certificate of Eligibility by inquiring at their Institution or an Immigration Office. If required, the documents needed to apply for the Certificate of Eligibility must be prepared by the Host and Host Institution and submitted to the nearest Immigration Office. After receiving the certificate, they must be sure to forward it to Fellows.** The following documents are needed to apply for the Certificate of Eligibility. No fees are charged.

- (1) Application for Certificate of Eligibility (The application sheet should be filled out and stamped by Institutions)
- (2) An ID photograph (H4cm×W3cm)
- (3) A copy of the Award Letter and Certificate of Financial Support from JSPS
- (4) A copy of the Fellow’s CV accompanying his/her fellowship application
- (5) An extract from the JSPS Law (copy Appendix B)
- (6) Program Guidelines (this booklet is necessary to explain the fellowship.)
- (7) A self-addressed stamped envelope (standard size) with one 404-yen stamp

## 2. Obtaining a Visa

Fellows must enter Japan within the period specified in the visa, otherwise the visa issued will become invalid. Generally, Fellows will need to bring the following documents when applying for a visa;

- (1) A valid passport
- (2) A copy of the Award Letter and Certificate of Financial Support from JSPS
- (3) A copy of the Fellow’s CV accompanying his/her fellowship application
- (4) Two ID photographs (H4cm×W3cm)
- (5) An extract from the JSPS Law (copy Appendix B)
- (6) A Certificate of Eligibility (Hosts will prepare it)

**Submit copies, not originals, of the Award Letter and Certificate of Financial Support,** as you may need to use them again. However, take the originals with you just in case when applying for the visa.
