

## List of Principal Investigators

Name	Current affiliation (organization, department) and specialties	Academic degree
① Hitoshi Murayama (*)	University of California, Berkeley, Department of Physics, Theoretical particle physics and cosmology	Ph. D.
② Yoichiro Suzuki (*)	The University of Tokyo, Institute for Cosmic Ray Research, Neutrino and astroparticle physics and non-accelerator particle physics	Ph. D.
③ Takaaki Kajita (*)	The University of Tokyo, Institute for Cosmic Ray Research. Neutrino physics	Ph. D.
④ Masayuki Nakahata (*)	The University of Tokyo, Institute for Cosmic Ray Research, Neutrino astronomy	Ph. D.
⑤ Masataka Fukugita (*)	The University of Tokyo, Institute for Cosmic Ray Research, Cosmology(theoretical and observational)	Ph. D.
⑥ Hiroaki Aihara (*)	The University of Tokyo, Department of Physics, High Energy Physics	Ph. D.
⑦ Tsutomu Yanagida (*)	The University of Tokyo, Department of Physics, High-energy particle physics(theory)	Ph. D.
⑧ Katsuhiko Sato (*)	The University of Tokyo, Department of Physics, Cosmology, astrophysics.	Ph. D.
⑨ Ken'ichi Nomoto (*)	The University of Tokyo, Department of Physics, Theoretical astrophysics	Ph. D.
⑩ Michio Jinbo (*)	The University of Tokyo, Graduate School of Mathematical Sciences, Integrable Systems	Ph. D.

⑪	Toshitake Kohno (*)	The University of Tokyo, Graduate School of Mathematical Sciences, Geometry and Topology	Ph. D.
⑫	Kunio Inoue (*)	Tohoku University, Research Center for Neutrino Science, Neutrino Physics	Ph. D.
⑬	Naoshi Sugiyama (*)	Nagoya University, Graduate School of Science, observational cosmology	Ph. D.
⑭	Akihiro Tsuchiya (*)	Nagoya University, professor, Emeritus, Conformal Field Theory	Ph. D.
⑮	Hiroshi Ooguri (*)	California Institute of Technology; Division of Physics, Mathematics, and Astronomy, Theoretical High Energy Physics	Ph. D.
⑯	David. Spergel(*)	Princeton University, Dept. of Astrophysical Sciences, observational cosmology	Ph. D.
⑰	Henry W. Sobel (*)	University of California, Irvine, Dept of Physics and Astronomy, Neutrino physics	Ph. D.
⑱	Stavros Katsanevas (*)	University Paris 7, Dept. of physics, Neutrino physics, astroparticle physics	Ph. D.
⑲	Kyouji Saito(*)	Kyoto University, Research Institute for Mathematical Sciences, Complex analytic geometry	Ph. D.
⑳	Mihoko Nojiri(*)	High Energy Accelerator Research Organization, KEK, Theoretical particle physics	Ph. D.
