Engineering sciences	51	Mechanics of materials, production-, design-, nuclear-, earth resources-, energy-, fluid-, thermal-, aerospace-, marine and maritime-engineering, mechanical dynamics, robotics, and related fields			
		18010	Mechanics of materials and materials-related		
		18020	Manufacturing and production engineering-related		
		18030	Design engineering-related		
		18040	Machine elements and tribology-related		
		31010	Nuclear engineering-related		
		31020	Earth resource engineering, Energy sciences-related		
		19010	Fluid engineering-related		
		19020	Thermal engineering-related		
		20010	Mechanics and mechatronics-related		
		20020	Robotics and intelligent system-related		
		24010	Aerospace engineering-related		
		24020	Marine engineering-related		
	52	Electrical and electronic engineering, applied condensed matter physics, applied physics and engineering, and related fields			
		21010	Power engineering-related		
		21020	Communication and network engineering-related		
		21030	Measurement engineering-related		
		21040	Control and system engineering-related		
		21050	Electric and electronic materials-related		
		21060	Electron device and electronic equipment-related		
		29010	Applied physical properties-related		
		29020	Thin film/surface and interfacial physical properties-related		
		29030	Applied condensed matter physics-related		
		30010	Crystal engineering-related		
	30020	Optical engineering and photon science-related			
	53	Civil engineering, social systems engineering, safety engineering, disaster prevention engineering, architecture, building engineering, and related fields		All fields	
		22010	Civil engineering material, execution and construction management-related		
		22020	Structure engineering and earthquake engineering-related		
		22030	Geotechnical engineering-related		
		22040	Hydroengineering-related		
		22050	Civil engineering plan and transportation engineering-related		
		22060	Environmental systems for civil engineering-related		
		25010	Social systems engineering-related		
		25020	Safety engineering-related		
		25030	Disaster prevention engineering-related		
		23010	Building structures and materials-related		
		23020	Architectural environment and building equipment-related		
		23030	Architectural planning and city planning-related		
		23040	Architectural history and design-related		
		90010	Design-related (★)		
	54	Materials engineering, chemical engineering, nano/micro science, and related fields			
		26010	Metallic material properties-related		
		26020	Inorganic materials and properties-related		
		26030	Composite materials and interfaces-related		
		26040	Structural materials and functional materials-related		
		26050	Material processing and microstructure control-related		
26060		Metals production and resources production-related			
27010		Transport phenomena and unit operations-related			
27020		Chemical reaction and process system engineering-related			
27030		Catalyst and resource chemical process-related			
27040		Biofunction and bioprocess engineering-related			
28010		Nanometer-scale chemistry-related			
28020		Nanostructural physics-related			
28030		Nanomaterials-related			
28040		Nanobioscience-related			
28050		Nano/micro-systems-related
