- Lecture summary (講義概要): Please summarize your lecture within 200-500 words.

We talked about Cyber Security and the influence humans have in maintaining a safe digital ecosystem.

Topics: What is Cyber Security, who is the cyber attacker and why humans are considered the "weakest link" in Cyber Security.

We focused on passwords as an example of how human factors impose secure and insecure behaviour.

Also, I talked at the beginning about my career in Science (aiming to showcase how scientific areas are interconnected) and about the importance of learning English, because it is an asset that will enable students to acquire an international status.

◆ Other noteworthy information (その他特筆すべき事項):

Students seem to enjoy the lecture, and I left with the impression that they understood that the
