

(Researcher Form 1 Attachment)

Leading Initiative for Excellent Young Researchers FY 2023 Application Outline

1. Please describe the outline of your research contents in the Researcher Form 2, “Research theme that you want to address as an EYR.”

Research contents

2. Freely describe the points you would like to highlight about yourself to the research institution (your previous and future attitudes and stances toward research, experiences in research, qualification and skills, equipment you can use, your future direction as a research leader, and career vision). You may also describe the place where you wish to work, your motivation for doing research in another field, and your research records so far as necessary.

Points highlighted

This page will be provided to the research institutions and the agencies supporting negotiation among the parties as part of the applicant information. Therefore, please do not include confidential information that cannot be disclosed. Changes to the form or page additions are not allowed.
