Blank cell: The researcher can apply for both research projects.

—: A researcher can only apply for one research project in one and the same research category (application section) (In case he/she has a continued research project mentioned in column A, he/she cannot apply for a research project mentioned in column B)

×: The researcher can only apply for one research project (in case he/she applied for a research project mentioned in column A, he/she cannot apply for a research project mentioned in column B).

▲: The researcher cannot apply for a research project mentioned in column B (He/she only implements the research of a continued research project mentioned in column A).

■: The researcher can apply for both research projects. However, in case both are adopted, he/she only implements the research of the research project in A.

□: The researcher can apply for both research projects. However, in case both are adopted, he/she only implements the research of the research project in B.

★: As a rule parallel grant application are not accepted. (This does not apply to cases where it is necessary to conduct two clearly different research projects within the same fiscal year.)

*1 The case of application for a second time grant acquisition in the research category, “Grant-in-Aid for Early-Career Scientists”.

*2 Applicable to those receiving a second time grant for a continued research project under "Early-Career Scientists."

*3 As for the Fostering Joint International Research (International Collaborative Research), a call for proposals is scheduled in around March 2025.

*4 This restriction on parallel grant application/receipt does not apply if the researcher continues to use the Grant-in-Aid for JSPS Fellows (JSPS Research Fellow) in the case that he/she has declined a JSPS Research Fellowship and become disqualified and thus he/she remains eligible to apply for KAKENHI grants.

*5 JSPS Research Fellows (DC) may not apply for research categories other than the Grant-in-Aid for JSPS Fellows (JSPS Research Fellow) and Fostering Joint International Research as Principal Investigators.

1—2) Type “Principal Investigator (New Proposal/Continued) (Column A) → Principal Investigator (Column B)”

This table shows the restriction on parallel grant application/receipt in case of "a person who tries to apply as Principal Investigator for a research project mentioned in column A (research categories for which MEXT organizes a call for proposals), or a person who has already become Principal Investigator of a research project that is scheduled to be continued in FY2025 (continued research project) mentioned in column A" applies as Principal Investigator for mentioned in column B.

Column A				Column B										
				Specially Promoted Research	Scientific Research (S)	Scientific Research (A)		Scientific Research (B)		Scientific Research (C)		Early-Career Scientists	Challenging Research	
						General	General	General	General	General	Pioneering		Exploratory	
				New Proposal	New Proposal	New Proposal	New Proposal	New Proposal	New Proposal	New Proposal	New Proposal	New Proposal	New Proposal	New Proposal
				PI	PI	PI	PI	PI	PI	PI	PI	PI		
Transformative Research Areas (A)	Administrative Group	New Proposal	PI	×	■						×			
		Continued	PI	▲	▲						▲			
	Planned Research	New Proposal	PI	□							×			
		Continued	PI	□							▲			
	Publicly Offered Research	New Proposal	PI	□							×			
		Continued*	PI	□							▲			
Transformative Research Areas (B)	Administrative Group	New Proposal	PI	×										
		Continued	PI	▲										
	Planned Research	New Proposal	PI	□										
		Continued	PI	□										

Blank cell: The researcher can apply for both research projects.

×: The researcher can only apply for one research project (in case he/she applied for a research project mentioned in column A, he/she cannot apply for a research project mentioned in column B).

▲: The researcher cannot apply for a research project mentioned in column B (He/she only implements the research of a continued research project mentioned in column A).

■: The researcher can apply for both research projects. However, in case both are adopted, he/she only implements the research of the research project in A.

□: The researcher can apply for both research projects. However, in case both are adopted, he/she only implements the research of the research project in B.

Note that if a PI of a Planned Research project in the Transformative Research Areas is selected as PI for a Specially Promoted Research, such Planned Research project is not allowed to replace its PI and must be abolished.

*Research projects in Innovative Areas (Publicly Offered Research) are subject to the restriction on parallel grant application/receipt similar to the restriction which applies to those in Transformative Research Areas (A) (Publicly Offered Research).

2-1) Type “Principal Investigator (New Proposal/Continued) (Column A) → Co-Investigator (Column B)”

This table shows the restriction on parallel grant application/receipt in case of "a person who tries to apply as Principal Investigator for a research project mentioned in column A (research categories for which JSPS organizes a call for proposals), or a person who has already become Principal Investigator of a research project that is scheduled to be continued in FY2025 (continued research project) mentioned in column A" participates in a research project mentioned in column B as Co-Investigator.
