

## □ Distribution of the Newly Adopted Projects

Purpose and Character of Grant-in-Aid for Scientific Research (S) (excerpt from the “Application Procedures for Grants-in-Aid for Scientific Research-KAKENHI-”):

**1) Funding target:**

Research plan conducted by a single or a relatively small number of researchers that aims at achieving a major development in creative and pioneering research

**2) Range of total budget:**

50 million yen to 200 million yen

**3) Research period:**

5 years as a general rule

### 【 New Projects 】

	Number of Applications			Total Grant Disbursements (FY2020) (in thousands of yen)	Per-project Grants (FY2020)	
	Received	Adopted	Ratio (%)		Average (in thousands of yen)	Largest (in thousands of yen)
Total	685	80	11.7	3,209,800	40,123	114,000

### 【 New and Ongoing Projects 】

	Number of Applications	Total Grant Disbursements (FY2020) (in thousands of yen)	Per-project Grants (FY2020)	
			Average (in thousands of yen)	Largest (in thousands of yen)
Total	403	11,416,900	28,330	114,000
