# Procedures for Preparing and Entering a Research Proposal Document for JSPS Research Fellows [JSPS Research Fellow] FY 2019

Applicants for the KAKENHI should fill in this **Research Proposal Document**, giving details of the research project based on the Application Procedures, and submit it **to the Independent Administrative Legal Entity Japan Society for the Promotion of Science** (hereinafter referred to as JSPS) prior to application. This Research Proposal Document is used as a review material at the JSPS Scientific Research Grant Committee.

The applicant should fill in the form correctly, while taking the following points into account.

When the application is adopted as a result of the review at the Scientific Research Grant Committee, a notice concerning the provisional grant decision will be issued. By the form of the formal application for grant delivery, the submission based on the notice will be done. The KAKENHI will be disbursed if the research plan, etc. are acknowledged as appropriate.

The principal investigator (JSPS Research Fellow) will receive a login ID and password for the JSPS Electronic Application System from his/her host research institution (the research institution at which s/he conducts research). The ID and password are used to access the KAKENHI Electronic Application System and input the application information.

When filling out the application, please follow the instructions provided in each of its sections.

#### Items to be noted

The following items will be automatically displayed on the application form. They are taken from your application for the JSPS Research Fellowship for Young Scientists.

- Reception Number
- Fellowship Category
- Review Section
- Starting Date of Fellowship Tenure
- Name
- Host Institution
- Title of Proposed Project

#### 1. "Funding Category" section

In the "Funding Category," select your researcher status including whether it is for Lab-Research, Non-Lab Research, or Special Research.

#### 2. "Researcher Number" section

If you have a researcher number, please enter it.

#### 3. "Host Academic Unit" section

If, however, the displayed Office of Research Administration is different from that of your host researcher's affiliated office, please input the correct office number. If the host researcher's number space is blank, please enter the number. If an incorrect office number is entered, the unit administrator at the host institution will not be able to view your Grant-in-Aid Proposal. Therefore, care should be taken when entering it.
