Prepare your Research Report in Japanese or English around three pages including this page. As much as possible, describe the contents and results of your research in a manner that is easily understandable to a non-specialist in your field. The contents should include:

4. 外国人特別研究員との共同研究の概要 (外国人特別研究員との分担状況を明らかにした上で簡潔に記述してください。)

I have provided guidance for Dr. Simangan's fieldwork to Cambodia and the Philippines. Her fieldwork in Cambodia allowed Dr. Simangan to collect the necessary data for her paper on mine action and transitional justice as components of peacebuilding. I also invited Dr. Simangan to deliver a seminar to students of Kanagawa University and share her fieldwork experience and fieldwork findings from Cambodia. She was able to give examples to students on to prepare for

fieldwork in challenging environments. We also attended the International Political Science Association (IPSA) World Congress in Brisbane, Australia in July 2018 where we both presented our working papers in two separate panels.

Summary of the collaborative research (Clarify your role and the Fellow's role in the collaborative research.)

5. 外国人特別研究員との共同研究の成果とその評価
Results and Evaluation of the collaborative research

The above collaborative activities with Dr. Simangan were productive. We were able to refine our manuscripts for publication in peer-reviewed academic journals. Our attendance at the IPSA conference also helped us maintain our research networks in Australia and establish new ones. She was also given a chance to interact with students pursuing a degree in international relations at Kanagawa University.
