

〈FY2023 Young Researcher Support for Attending Lindau Nobel Laureate Meetings〉

Applicant's name		Applicant's affiliated institution	
-----------------------------	--	---	--

Please write in English.

1. Research Content

Provide a concrete description of applicant's present research content in easy-to-understand language.

--

2. Main Research Achievements, Papers, etc.

With regard to papers published in academic journals, note whether each has been peer-reviewed. Regarding the peer-reviewed papers, list only those that have been published or have already been accepted, not those that are currently being reviewed or submitted. For each, provide author name(s), the paper title, name of the publication (e.g. journal), its publisher, volume, pages (pp. -), and the year of publication, in this sequence.

〈FY2023 Young Researcher Support for Attending Lindau Nobel Laureate Meetings〉

3. Purpose and Objectives for Attending the Lindau Meeting

Provide a simple and concise description of your objectives based on your research activities to date. State any interest you may have for example in initiating international joint research or forming collegial networks.

4. Record of Research Activities Conducted in English and Related Goals

List experiences you've had as an overseas exchange student or intern and/or as a researcher in an overseas research institution (position, name of institution, country/region, dates of tenure, research content), participation in international conferences and your role in such meetings, English proficiency certifications (type, rank/score, date obtained), future goals and other pertinent information including maternity/paternity leave.
