Other note worthy information (その他特筆すべき事項):

Posters by students and the presentations by themselves were greatly impressed, which may strongly inspire the students' scientific interests.

Impressions and opinions of assistant (協力者から本事業に対する意見・感想等がございましたら、お願いいたします。): This is a little bit hard work for a JSPS fellow and also his host/colleague researchers, while these activities should help young students to consider “Science”! Therefore, we will continue to join/support this “Science Dialogue Program” activity in future.
