Lecture title (講演題目): (in English) An Analytical Approach to Product Subjective Sustainability
(in Japanese)

Lecture summary (講演概要): The lecture consisted of three main parts: self-introduction; major concerns and the fields of the fellow's study; and a piece of the fellow's current postdoctoral research on Product Subjective Sustainability. In the first part, the fellow's personal, education, academic background, career and country (Iran) were introduced. The second part of lecture was allotted for a brief introduction and review of the fellow's major and the fields relevant to his current postdoctoral research, to build a background for the third part of lecture. As the third part of lecture, the outline, process and results of a comparative analysis of the users' *Kansei* evolutions over the lifetime of their mobile phones between Iran and Japan were presented.
