(in Japanese) 木材保存 : 森林修復のためのもうひとつの手法

- Lecture summary (講演概要): Please summary your lecture 200-500 words.
The lecture consisted of two parts – about Bangladesh and about my reasearch work. The first part was related to Bangladesh – it's location, basic information of the country, it's culture, costumes, foods, games, etc. The second part was on my research work. The second part was related to the basic idea about wood, wood structure, wood preservatives, preservation methods and importance of preservation. The recent development in the area of wood preservation was also included in this part. It was also discussed how preservation helps forest conservation and for reducing the climate chage impact.
