- Lecture title (講演題目): (in English) Malaria and me
(in Japanese)

- Lecture summary (講演概要): Please summary your lecture 200-500 words.

My lecture was divided into several parts:

First I introduced myself, presenting my international career and all the countries I have lived in. I concluded this part by insisting on the fact that whichever country I have worked in, the scientific language is always English.

Then I made a brief introduction to biology, presenting the scale of different organisms, from mouse to viruses. From that part, I proceeded to introduce the malaria parasites and their life-cycle.

I continued my presentation by introducing the concepts of DNA, Chromosomes and Genomes. I also introduced the concept of bioinformatics.

Finally, I concluded with my future career prospects.
