- Lecture title (講演題目): (in English) My Life as a Neuroscientist

(in Japanese) N/A

- Lecture summary (講演概要): Please summary your lecture 200-500 words.

I started the lecture on my ethnic background (Hong Kong/Australia), followed by my education in university. Then I briefly explained what is Molecular Biology/Neuroscience, and talked a bit about my research project. The last part of my presentation was on the life as a postdoctoral researcher, and some advises in choosing their career.

I have also brought with me some brain section slides with stained neurons so students could have a look at what a neuron looks like under a microscope.
