- Lecture summary (講演概要): Please summary your lecture 200-500 words.

The aim of this lecture is to provide a framework of critical thinking by analyzing several cases of cultural differences in the context of every day life, then eventually social sciences. We will first talk about France and Europe and we will expose key points about its intellectual history. That will help us to reconsider some elements regarding the Japanese context (education, religion, etc.). Finally we will try to understand what globalization implies and what is racism.
