During my presentation I first discussed the different reasons that make me like science. I also presented some examples of natural phenomena (rainbows, tides, etc...) that we see around us very often, and that can be explained by science. I then introduced the scientific field of astrophysics and described the different approaches to do research in astrophysics. I finally presented an overview of my research topic.
- Overall advice or comments to future participants in the program (今後の講師へのアドバイス):
 - Speaking slowly, using easy english words
 - Showing pictures, schematic figures
 - Having some short breaks during the presentation to give the students time to understand
- Other noteworthy information (その他特筆すべき事項):
- Impressions and opinions from a company (同行者の方から、本事業に対する意見・感想等がありましたら、お願いいたします。)
