Professor Kazuhiro Aoki
- Lecture format (講演形式):
  - ◆Lecture time (講演時間) 60 min (分), Q&A time (質疑応答時間) 60 min (分)
  - ◆Lecture style (ex.: used projector, conducted experiments)  
(講演方法 (例: プロジェクター使用による講演、実験・実習の有無など))  
Ppt presentation followed by cortical bone structure observation using light microscope.
- Lecture summary (講演概要): Please summary your lecture 200-500 words.  
It was a great experience of mine. School authority helped lots and organized well. Students were well prepared and attentive during lecture session and experiment. They asked lots of questions about bone after lecture, which was interesting. I must appreciate their observation ability. We prepared bone slide and showed them Cortical bone structure under light microscope. I request them to draw what they observed under microscope. They drew Osteon perfectly, which was surprising for me.  
All students are brilliant. I love it.
- Overall advice or comments to future participants in the program (今後の講師へのアドバイス):  
It would be better to arrange daylong program including scientific lecture, experiment, exchange culture etc. In my experience, students wanted to speak more in English, but time limitation was there.
- Other noteworthy information (その他特筆すべき事項):
- Impressions and opinions from a company (同行者の方から、本事業に対する意見・感想等がありまし
